

# ANNUAL CLOTHING BUDGET AND PLAN

c/o katilmoore.com

My take-home pay each month is \_\_\_\_\_ x .05 = \_\_\_\_\_ amount to spend on clothing each month.

I will withhold \_\_\_\_\_ from my clothing budget each month for ongoing necessities such as undergarments. If money is leftover at the end of the month, it carries over into the budget for next month. I will not borrow funds from future months.

Note any details about the items you have in mind (e.g. "2 blouses: one print sleeveless, one silk button up").

Remember to choose a mix of colors, prints, textures, and design interest in your pieces so that your resulting wardrobe is anything but boring.

If your base wardrobe is good, you can use more months for other items.
